Session Remarks: Therapy Type:
Recreation

The purpose of today's group was to provide skills training around the topic of 'recreation and socialization', for the purpose of developing skills related to improving independent community living, maintaining a stable living environment, improving interpersonal effectiveness, decreasing anxiety symptoms, decreasing anger outbursts, and decreasing depressive symptoms.

Present Today:
Present at today's session were the following:
Ten members of the group were present today.

Group was facilitated by Jeffrey Finer, CPSW, Lawren Davenport, CPSW, and Christina Wolford, LCSW

Group Leader Interventions:
Group Leader engaged group in mood check/safety check. Group leader engaged group in review of yesterday's experiences and topics.
Group leader provided a review of skills learned over the weekend and bridged session into new topic area.
Group leader used DBT around the topic of 'mindfulness,' for the purpose of increasing interpersonal effectiveness. The group participated in exploration of the Gila River, and planning and organizing meal preparation and socialization.

Individual Remarks:

Appearance and Behavior:
In today's session Charles appeared communicative, slightly disorganized in thoughts, and happy.

Participation: He was over talkative or hyperverbal in today's session.
Charles was active today and participated fully in discussions today. He displayed good comprehension in the group. Charles was able to share evidence of progress toward personal recovery goals. He was able to express insight into his experiences.

Charles appeared to have a positive response to the group. At the end of the session he
